MEMORANDUM

To: Board of Supervisors
of the Reunion East Community Development District
c/o George Flint, Governmental Management Services

From: Brian A. Crumbaker
Hopping Green & Sams, P.A.

Date: May 6, 2011

Subject: Bifurcation of Outstanding Series 2002A Bonds
Reunion East Community Development District

During the last meeting of the Board of Supervisors for the Reunion East Community Development District (the “Board”), I presented a request, on behalf of owners of the Outstanding Series 2002A Bonds (hereinafter defined), to bifurcate the bonds into two (2) series secured by special assessments levied on separate and distinct properties. The purpose of this memorandum is to respond to your request for additional information concerning the proposed structure, basis for the request, and the process for effectuating the bifurcation.

I am hopeful that this memorandum provides you with the information you need to make an informed decision in response to the request of the owners of the Outstanding Series 2002A Bonds (the “Bondholders”). I intend to be present during the Board’s next meeting to answer any questions the Board or members of the public may have; however, should you have any questions or wish to discuss this memorandum in advance of the meeting, please do not hesitate to contact me directly.

Proposed Structure

On August 1, 2002, the Reunion East Community Development District (the “District”) issued \$54,145,000 in aggregate principal amount of its Series 2002A Bonds.¹ The Series 2002A Bonds were issued to provide funds for, *inter alia*, the design, construction and/or acquisition of a portion of the Series 2002 Project, as defined in the Master Trust Indenture (the “Master Indenture”), as supplemented by the First Supplemental Trust Indenture (the “First Supplemental Indenture,” and together with the Master Indenture, the “Indenture”). As of this date, \$50,830,000 in aggregate principal amount of the Series 2002A Bonds remain outstanding (the “Outstanding Series 2002A Bonds”).

¹ On the same date, the District issued its Special Assessment Bonds, Series 2002B, which bonds were repaid in full on or before maturity.

The Outstanding Series 2002A Bonds are secured by special assessments levied by the District on real property specially and peculiarly benefitted by the Series 2002 Project (the “Series 2002A Assessments”). The real property on which the Series 2002A Assessments have been levied and certified for collection and the method by which the Series 2002A Assessments are to be collected are reflected in the assessment roll for Fiscal Year 2010/2011 attached hereto as **Exhibit A** (the “Assessment Roll”), as adopted by the Board pursuant to Resolution No. 2010-12. In reviewing the Assessment Roll, please note that Series 2002A Assessments levied on platted real property (the “Platted Assessment Area”) have been certified for collection pursuant to the Uniform Method of Collection (*i.e.* by the Osceola County Tax Collector), whereas Series 2002A Assessments levied on unplatted real property (the “Unplatted Assessment Area”) have been certified for collection directly by the District pursuant to the payment schedule set forth in Resolution 2010-12.

The proposal put forth to the Board is intended to bifurcate the Outstanding Series 2002A Bonds into two (2) separate series of bonds – the Series 2002A-1 Bonds and the Series 2002A-2 Bonds (collectively, the “Bifurcated Bonds”). Upon completion of the bifurcation, the Series 2002A-1 Bonds will be payable from and secured solely by Series 2002A Assessments levied on the Platted Assessment Area (the “Series 2002A-1 Assessments”) and the Series 2002A-2 Bonds will be payable from and secured solely by Series 2002A Assessments levied on the Unplatted Assessment Area (the “Series 2002A-2 Assessments”). The funds and accounts established for each series will constitute separate and distinct Trust Estates, as defined in the Master Indenture, and the Bifurcated Bonds will have the same outstanding par at closing, interest rate and maturity as the Outstanding Series 2002A Bonds. From a practical standpoint, landowners subject to the Series 2002A Assessments will see no change in his/her total or annual debt service assessment.

Basis for the Proposed Bifurcation

A portion of the Series 2002A Assessments securing the Outstanding Series 2002A Bonds was levied on and certified for direct collection against real property owned by Ginn Reunion Borrower, LLC (“Ginn”), which property was identified above as the Unplatted Assessment Area. As the Board is aware, Ginn failed to pay when due Series 2002A Assessments levied on the Unplatted Assessment Area (the “Delinquent Assessments”). As a result, the District was incapable of meeting its debt service payment obligations under the Indenture, and this causing all of the Outstanding Series 2002A Bonds to be in default. Pursuant to the Indenture, the District is pursuing enforcement of the Delinquent Assessments through foreclosure.

The proposed bifurcation will effectively separate the Outstanding Series 2002A Bonds into “performing” bonds secured by the Platted Assessment Area (*i.e.* the Series 2002A-1

Bonds)² and “non-performing” or “default” bonds secured by the Unplatted Assessment Area (*i.e.* the Series 2002A-2 Bonds). From a credit quality perspective there is an increased (and earlier) likelihood of obtaining a rating and being able to refund the Series 2002A-1 Bonds thus resulting in a lower interest rate to the benefit of those properties within the Platted Assessment Area.³ Please note, however, that such a possibility would arise only after remaining issues related to the Delinquent Assessments have been resolved.

Process of Effectuating the Bifurcation

As to the Series 2002A Assessments and the enforceability thereof, the bifurcation will not have an impact – positively or negatively. Bifurcation of the Series 2002A Bonds, as contemplated herein, does not require an amendment to the assessment reports prepared in conjunction with the District’s levy of the Series 2002A Assessments (or any other special assessments), does not require an amendment of the District’s assessment lien or recorded notices, and it does not serve to modify the terms of the assessments or methods of collection. The only change that will be necessary is administrative in nature in that it will be necessary for the District Manager to transmit assessment receipts separately along with direction letters specifying the Trust Estate in which to deposit the funds.

Assuming the Board authorizes District staff⁴ to proceed, the following will be prepared for Board approval at a subsequent meeting: (i) a resolution, *inter alia*, approving the form and authorizing execution and delivery of an Amended and Restated First Supplemental Indenture, subject to the consent of the Bondholders; (ii) the Amended and Restated First Supplemental Indenture; and (iii) an Information Memorandum providing securities disclosure in accordance with Federal law.

² For scale only, it is estimated that the Series 2002A-1 Bonds will have an initial par amount of \$27,055,000; the Series 2002A-2 Bonds will have an initial par amount of \$23,775,791.

³ The coupon rate on the Series 2002A Bonds with a May 1, 2022, maturity is 7.200%; the coupon rate on the Series 2002A Bonds with a May 1, 2033, maturity is 7.375%.

⁴ Greenberg Traurig (Bond Counsel) and Latham Shaker Eden & Beaudine, LLP (District Counsel).

MEMORANDUM

To: Reunion East CDD Board of Supervisors

From: Jan Albanese Carpenter & Colt H. Little
Latham, Shuker, Eden & Beaudine, LLP – District Counsel

Date: May 6, 2011

Re: Proposed bifurcation of Series 2002A Bonds

We have reviewed Hopping, Green & Sams' (Trustee's Counsel) Memorandum to the Board of Supervisors dated May 6, 2011 pertaining to a proposed bifurcation of the District's outstanding Series 2002A bonds, and have conversed with Trustee's Counsel about this proposal. Based on our understanding of the suggested course of action, it appears that the bifurcation process will not impact the residential landowners of the District in any significant way and may, in fact, provide a future opportunity for refunding or restructuring a portion of the Series 2002A bonds (referred to as the Series 2002A-1 bonds in the Memorandum).

We have seen similar bond restructures used in other types of bond transactions to segregate "non-performing" or defaulted bonds from the performing part of the particular bond series. In the District's present case, the "performing" bonds are of such a significant amount that the proposed bifurcation would likely result in a substantial increase in the District's "credit quality," thus positively impacting any future bond refunding or restructure. Finally, Trustee's Counsel has represented that any costs associated with this transaction (which are not expected to be significant) would be paid out of the trust estate and will not be borne by the District's residents.

Trustee's counsel is planning to attend the upcoming Board meeting on Thursday, May 12, 2011 in person to fully explain the proposal. Colt Little will be attending the meeting on our behalf and can answer any further questions. If you would like to discuss any concerns prior to that time, please feel free to call either of us.
